SUMMARY

Information Systems graduate with a strong interest in information technology, system development, and computer networking. Experienced in designing, implementing, and managing systems and network infrastructures using various technologies and supporting tools. Capable of working independently as well as collaboratively within a team, with strong analytical skills and the ability to effectively troubleshoot and resolve technical issues. Committed to continuously developing professional competencies in the field of information technology and contributing to the creation of efficient and valuable solutions for organizations.

EDUCATION

Universitas Gunadarma **Jakarta, Indonesia**
Bachelor of Information System (GPA 3.43/4.00) *2021 – 2026*

SKILLS

Programming & Web Development: HTML, CSS, JavaScript, PHP, MySQL, RESTful API
Networking: MikroTik Router Configuration, VLAN Configuration, TCP/IP Networking, Network Troubleshooting, Cisco Packet Tracer
System Analysis: Business Process Analysis, System Analysis & Design, UML Modeling, Database Design
Tools: Git, GitHub, Visual Studio Code, Microsoft Office, Figma, Canva
Professional Skills: Problem Solving, Analytical Thinking, Communication, Team Collaboration, Time Management, Technical Documentation, English (Intermediate)

WORK EXPERIENCE

Ministry of Cooperatives – Data Development and Management Planning, Assistant Deputy for Data Management, Deputy for Cooperative Institutional Affairs and Digitalization (MagangHub Intern) *Sept 2026 – March 2027*

● Supporting the development and management of cooperative data through the ODS system.
● Updating, synchronizing, and validating cooperative data to help maintain data accuracy and consistency.
● Recapitulating public complaints received through email and WhatsApp for documentation and follow-up.
● Developing a website for ODS tutorials and editing instructional videos based on technical manuals.
● Assisting with data entry and administrative activities related to cooperative reporting.

TJKT (Computer and Network Engineering) - Lembaga Pendidikan Kesuma Bangsa (Teacher) *July 2025 – July 2026*

- Deliver lessons on computer networking, network administration, and information technology to vocational high school students.
- Develop learning modules, teaching materials, and assessments aligned with the Merdeka Curriculum.
- Guide students in practical networking activities using Cisco Packet Tracer and MikroTik devices.
- Teach networking concepts including VLANs, TCP/IP, routing, switching, and network troubleshooting.
- Assess student performance and provide academic guidance to support learning outcomes.
- Create engaging learning media and hands-on exercises to enhance students' technical skills.

Asset and Facility Management DTV - PT Telekomunikasi Indonesia (Internship Student) *oct 2019 - dec 2019*

- Assisted in the maintenance and monitoring of IT infrastructure and network systems.
- Performed basic network configuration and troubleshooting tasks.
- Supported technical documentation and operational reporting activities.
- Collaborated with team members to resolve technical issues and improve system reliability.
- Helped ensure the smooth operation of hardware, software, and network services.

PROJECTS

Point of Sale (POS) System for Snack Store (Academic Project) *Aug 2025*

- Designed and developed a Point of Sale (POS) system to manage sales transactions and inventory.
- Implemented product management, stock monitoring, and sales reporting features.
- Utilized PHP and MySQL for application development.
- Improved transaction recording efficiency and inventory tracking.

Depokeren Tourism Website (Academic Project) *Aug 2024*

- *Developed a web-based tourism information system using PHP and MySQL.*
- *Designed the database structure and user interface for tourism management.*
- *Implemented features for managing tourist destinations and related information.*
- *Conducted system testing to ensure functionality and usability.*

CERTIFICATIONS

Badan Nasional Sertifikasi Profesi:

Occupation of System Analyst — *Issued in September 2025*
Certificate: 14467397 — *Expires on September 2028*

Lembaga Pengembangan Komputerisasi Universitas Gunadarma:

Designing Software — *Issued in 27 Mei 2025*
Certificate: 028122 — *No expiration date*

Analyze Software requirements — *Issued in 23 September 2024*
Certificate: 858889 — *No expiration date*

SQL Server for Intermediate — *Issued in 19 August 2024*
Certificate: 024182 — *No expiration date*

Oracle For Intermediate — *Issued in 19 August 2024*
Certificate: 318095 — *No expiration date*

PT Telekomunikasi Indonesia :

Internship Student
Certificate: C. Tel. 371/PD520/WSB/2019
